Please remember that insurance is considered a method of reimbursing the patient for fees paid to the doctor and is not a substitute for payment. Some companies pay fixed allowances for certain procedures and others pay a percentage of the charge. It is your responsibility to pay for any services not covered by your contract, deductible amount, co-insurance or any other balance not paid by your insurance. **Companies will not reimburse you for charges concerning late cancellations or missed visits.**

Payment is due at the time of service unless you are covered by one of our contracted insurance carriers. *Any account 120 days in arrears will be assigned to a collection agency or attorney.* I agree to pay a reasonable attorney's fee and cost of collection. **Failure to meet your financial obligations may result in termination of clinical services.**

To the extend necessary to determine liability for payment and to obtain reimbursement, I authorize disclosure of portions of the patient's record. I hereby assign all medical benefits, to include major medical benefits to which I am entitled, including private insurance, and other health plans to Psychiatry Associates, PC.

This assignment will remain in effect until revoked by me in writing. A photocopy of the agreement is to be considered as valid as an original. **I understand that I am financially responsible for all charges whether or not paid by said insurance.** I hereby authorize said assignee to release all information necessary to secure payment.
